

**SNSF Ambizione Grants: Zusprachen UZH des Calls 2020**

| <b>Name</b> | <b>Vorname</b>  | <b>Gastinstitut</b> (Fakultät)                                 | <b>Projekttitel</b>   |
|-------------|-----------------|--|---|
| Carraro     | Luca            | Institut für Evolutionsbiologie und Umweltwissenschaften (MNF) | Integrating hydrology and environmental DNA to advance monitoring of freshwater biodiversity  |
| Cekic       | Mihajlo         | Institut für Mathematik (MNF)                                  | Dynamics, Rigidity and Inverse Problems   |
| Clavel      | Damian          | Historisches Seminar (PHF)                                     | Deconstructing Fraudulent Indigenous Utopias: A History of Failed Miskitu and Mapuche Loans on European Money Markets in the Age of Revolutions |
| De Angelis  | Andrea          | Institut für Politikwissenschaft (PHF)                         | Political Misinformation in the Digital Age   |
| de Vries    | Bouke           | Philosophisches Seminar, Ethik-Zentrum (PHF)                   | The Ethics of Loneliness and Sociability  |
| Dereka      | Bogdan          | Institut für Chemie (MNF)                                      | Ultrafast Equilibrium and Nonequilibrium Dynamics at Solid-Liquid Interfaces  |
| Fasel       | Raffael Nicolas | Rechtswissenschaftliches Institut (RWF)                        | The Natural Constituent Power   |
| Forss       | Sofia           | Institut für Evolutionsbiologie und Umwelt (MNF)               | At the intersection of motivation and cognition: combining multiple predictors of animal intelligence using meerkats as a model system          |
| Galli       | Francesca       | Seminar für Griechische und Lateinische Philologie (PHF)       | The «Ineffabilis Utilitas» of Optics. Hybrid Uses of a Pivotal science in 13th-century Imagery and Thinking                                     |
| Halliday    | Fletcher        | Institut für Evolutionsbiologie und Umwelt (MNF)               | Disease risk under environmental change and biodiversity loss – causes and consequences   |
| Locher      | Cosima          | Psychiatrie, USZ (MeF)   | Placebo effects in opioid therapy: Clinical relevance and potential use for patients with Chronic Primary Pain                                  |
| Mayr        | Harald          | Department of Economics (WWF)                                  | Can Landlords and Tenants Pull Energy Efficiency Together? Evidence on the Split Incentive Problem  |

| <b>Name</b>   | <b>Vorname</b>  | <b>Gastinstitut</b> (Fakultät)                      | <b>Projekttitel</b>   |
|---------------|-----------------|---|---|
| Notter        | Tina Fabia      | Institut für Pharmakologie und Toxikologie (MeF)    | The Role of Astrocytes in Postnatal Synaptic Refinement of the Medial Prefrontal Cortex   |
| Preisig       | Basil Christoph | Institut für Vergleichende Sprachwissenschaft (PHF) | Exploiting the potential of neural attentional control to overcome hearing impairment   |
| Rossetto      | Luca            | Institut für Informatik (WWF)                       | MediaGraph  |
| Rottoli       | Luca            | Physik-Institut (MNF)                               | Precise simulations for jet processes at the LHC  |
| Tiwari        | Shubhanshu      | Physik-Institut (MNF)                               | Gravitational Wave observations: A probe into fundamental physics, astrophysics and cosmology   |
| von Passavant | Nicolas         | Deutsches Seminar (PHF)                             | Poetische Mischverfassung. Interferenzen anthropologischer, politischer und literarischer Verfahren der Mixtur 1650–1730  |
| Walter        | André           | Institut für Politikwissenschaft (PHF)              | Endogenous Electoral Markets, Party Entry, and Democratization  |
| Walther       | Andreas         | Psychologisches Institut (PHF)                      | Evaluation of a male-specific psychotherapeutic program for major depressive disorders compared to cognitive behavioral therapy: A randomized controlled superiority trial examining depressed eugonadal and hypogonadal men receiving testosterone |
| Willemsen     | Pascale         | Philosophisches Seminar (PHF)                       | Investigating thick ethical concepts - Philosophical and empirical perspectives   |
